

**Branagh Information Group is a Proud Sponsor of the
2018 First Five California Child Health, Education, and Care Summit, April 10 – 12, 2018**

Branagh Information Group, Inc. (BIG) is proud to be a breakfast Sponsor for the “**2018 First Five California Child Health, Education, and Care Summit**” from **April 10-12 in Los Angeles/Glendale, California**.

BIG’s Ann Hentschel will also present at this upcoming conference on “**Turning Assessment into Learning on the Path to CQI**” on Tuesday, April 10th, from 3:30 - 5:00pm. QRIS initiatives across the country are heading in a new direction to move beyond the rating checklist and support meaningful, continuous quality improvement. Imagine fostering opportunities where early childhood educators feel safe, comfortable, and eager to share their insights, struggles, and goals related to the Environment Rating Scales (ERS). Envision your role in facilitating a shift toward learning rather than staging the environment for assessment day. As teachers and program leaders learn and grow, they become genuine agents of change. Join us to analyze and practice strategies to empower early childhood educators in leading the way for children.
